

CUSTOMS FRAUDS TOTAL \$15,000,000

Government Prosecutors Uncover Vast Scheme of Cloth Makers and Jobbers.

NEW YORK, Nov. 18.—Revelation of the most gigantic customs frauds ever perpetrated, aggregating more than \$15,000,000, which uncover a vast scheme of English cloth manufacturers and jobbers to defraud the United States Government in every port of entry in the country, will be made as the result of the \$300,000 suit for back duties against Joseph Brooks & Co., British importers, according to statements of officials of the United States district attorney's office here today.

Following the discovery of fraudulent importations of woolsens, President Taft ordered an investigation which will involve every port of entry in the United States. Federal, civil, and criminal prosecutions will be commenced against scores of great importing houses.

United States Attorney Wise has been placed in charge of this movement, and the evidence gathered in the investigation will be turned over to him.

Every port of entry in the United States is under investigation today, or will be before another week has elapsed.

It was reported today that the sweeping national investigation will involve at least one high Government official.

Assistant District Attorney Whitney declared it will be the biggest exposure in the history of the United States.

"It is the most important thing of its kind ever undertaken in this country," said he. "The frauds involve practically every woolen manufacturing firm in England. The total amount of duties which the Government has lost are far in excess of those in the Sugar trust cases."

G. W. INGHAM TAKES CHARGE OF OFFICE

New Insurance Superintendent Approved By Senator Gallinger.

George W. Ingham today entered upon the duties of Superintendent of Insurance as the successor of the late Thomas E. Drake.

The appointment was announced by the Commissioners after four months consideration of the qualifications of the various candidates. The delay was occasioned by the fact that the board at first to reach a unanimous agreement as to the appointee, but as the keynote of the present administration is "harmony," all Commissioners, Judson and Johnston approved the recommendation of Commissioner Rudolph, who has direct supervision of the insurance department, that Mr. Ingham be appointed. The position pays \$3,500 a year.

Mr. Ingham was endorsed by Senator Gallinger, chairman of the Senate Committee on the District of Columbia, and according to the Commissioners by about 50 per cent of the insurance companies of the District.

William S. Hall, clerk in the office of the Superintendent of Insurance, was promoted to statistician, succeeding Mr. Ingham. A. R. Woolfolk was appointed clerk and H. M. Niswanner temporary clerk.

Happy, Happy, Use TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore Feet? Never After Using TIZ—Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions, and callouses. You'll feel like a new person.

If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all drugists at 25 cents per box, or it will be sent you direct if you wish from Walter Luthar Dodge & Co., Chicago, Ill. Recommended and sold by O'Donnell's stores.

RAILWAY MEN HEARD BY BOARD OF TRADE

Officials of W. R. & E. Co. Present Side of Car Seat Question.

Officials of the Washington Railway and Electric Company this afternoon are being heard by the public transportation committee of the Washington Board of Trade upon the relative merits of cross or longitudinal seats in street cars.

It is the intention of Alex. Britton, chairman of the committee, to call daily meetings until the committee has collected full information upon the subject.

The first meeting of the committee

was held at the rooms of the Board of Trade yesterday afternoon, but none except members of the committee and officials of the street railways who had been invited to attend was admitted. Mr. Britton today gave out the results of the committee's session.

George E. Hamilton, president of the Capital Traction Company, appeared before the committee and, according to the chairman, announced that the company had ordered 130 cross-seat pay-within cars of the new type recently placed in operation, and that unless some change in plans arose, it was the intention of his company to equip the entire Capital Traction system with this style of car.

Mr. Hamilton told the committee the company's experience with different styles of cars and seats, and indicated its final preference for the cross-seat cars. A large number of the new cars were now in service, he said, and it is the purpose of the company to make their use general.

RAT POISON BAD AS BAKING POWDER

WASHINGTON, Pa., Nov. 18.—Seven persons are recovering here from the effect of eating poisoned pie. John Fremont, a restaurant cook, got hold of a box of rat poison, instead of baking

powder, when the pie was made. The poisoned pie was afterward thrown out, and was eaten by chickens, thirty-seven of which died.
